<p>Note: On 11-09-2023 I, Deputy William Price was on duty and wearing the uniform and badge of office. I was notified by the dispatcher to contact Lisa Roers re: a sexual assault that happened when she was a child. I contacted her via phone and she advised that when she was growing up in Elgin she had been groomed by a priest, Dennis A. Hanneman a now-retired priest who had sexually assaulted her numerous times in the church and with religious items. Lisa provided a detailed statement of the occurrences which is attached to this report. The Department of Health and Human Services Hotline was also contacted but due to the statute of limitation having expired no further criminal action has been taken. This report is for documentation purposes.</p>
